

Issue # 7: Numerator Data - Trends and Event Studies 2021-2022

Ron Huang

October 5, 2025

This Write-up contains tables and plots for trend and event study analyses of the Numerator data. The original user-trip-item level data is transformed to user- month level data, with variables summarized at the monthly level for each user. SNAP and Non-SNAP treatment is determined by SNAP participation rate of each user over the periods of the data (>0.5 on SNAP; ≤ 0.5 Non-SNAP); Not adjusted for inflation
